SEC. 5. If any election officer shall refuse or neglect to require such proof of the right of suffrage as is prescribed by this law, to the laws which this is supplemental, from any person offering to vote whose name is not on the list of assessed voters, or whose right to vote is challenged by any qualified voter present, and shall admit such person to vote without requiring such proof, every person so offending shall upon conviction, be guilty of a high misdemeanor, and shall be sentenced, for every such offence, to pay a fine not exceeding one hundred dollars, or to undergo an imprisonment not exceeding one year, or either or both, at the discretion of the court.

ELECTION, Tuesday October 12.

REPUBLICAN MEETING IN GETTYSBURG.

The Republican State Central Committee have made arrangements to hold a meeting of the friends of GEARY & WILLIAMS, in GETTYSBURG, on

Thursday Evening next, October 7,

which will be addressed by Maj. A. R. CALHOUN, of Philadelphia, and other able speakers. The meeting will be held in the Court House, at 7 o'clock, P. M.

Let there be a grand Rally of the Republicans of the Borough and neighboring districts.

A. J. COVER,
Chairman County Committee.

THE REGISTRY LISTS.

Assessors will bear in mind that the additional names registered by them must be returned to the Commissioner's office, ON MONDAY NEXT, Oct. 4.

THE LAST DAY.

To-day (Friday) is the last opportunity for Registering. We beg every Republican not yet registered not to let the day pass over without calling on the Assessor.

TOWNSHIP TICKETS.

Our Republican friends in the townships, where tickets have not been already nominated, will bear in mind the resolution adopted by the County Committee—published last week—recommending the Republicans of the various townships to meet at the usual place of holding township meetings, ON SATURDAY, OCTOBBR 2, (TO-MORROW,) to settle Township Tickets. Let there be a full turn out at these meetings to-morrow. Good local tickets will strengthen the county ticket. Put up the best men.

ORGANIZE.

Less than two weeks remain in which to complete preparations for the great political struggle of the 12th of October. We beg the Republicans in the various districts AT ONCE to enter on the work of organization. There is no time to waste. Packer's money is being used to buy up doubtful voters. Every effort will be made by our political enemies to obtain power in Pennsylvania. This is the great battle ground—the Gettysburg which is to bring victory or defeat to the Union men of the State. The Keystone State once out of Republican hands and under Copperhead rule, it will be a comparatively easy matter to operate hereafter in other States. *Let us poll every vote.* JOHN W. GEARY has made a good Governor—the Commonwealth was never more prosperous—and better let good enough alone by re-electing him on the second Tuesday of next month.

THE Democracy of the Elk and Clearfield county Representative District are in no little trouble, by reason of Dr. C. R. Early, one of their "tried and true" men, offering himself as an independent candidate for the Legislature, with a lively prospect of being elected. It is not only in Adams that the Democracy are in trouble this fall. All over the State there seems to be a disposition to rebel against the local "rings" that have been ruling the party with a rod of iron.

THE difficulties in the Bedford and Somerset Senatorial district, we are glad to learn, have been adjusted. Mr. STUTZMAN withdraws, and Mr. SCULL, of the *Somerset Whig*, takes the field as the Republican candidate. Mr. SCULL is a gentleman of ability, a trusty Republican, and will make a good legislator. This arrangement secures the district to the Republicans, which was endangered by the difficulties growing out of STUTZMAN'S candidacy.

WE call attention to the address issued by Hon. John Covode, chairman of the State Central Committee. Let it be studied by every voter. We appeal with confidence to the conscience and intelligence of the State. We simply lay before the people of the State facts—facts now accredited by history—and leave them to their own decision.

DON'T forget that Asa Packer sympathised with rebellion, associated with Pendleton, Vallandigham, and other semi-rebels in this country, and hob-nobbed with Breckinridge, Slidell and Thompson, arch traitors, in Europe!!!

THE Democrats, last year, had the State overrun by orators, from Horatio Seymour down, and were beaten badly. This year they are trying the secret and silent process, possibly on the theory that the greenback is the better argument.

IF Packer lived in Gettysburg, he could not vote for Borough and School officers, as he makes a practice of dodging the payment of his taxes.

THE STATE DEBT.—READ! READ! READ!

We invite particular attention to the following exhibit showing the financial condition of the State under Republican rule. Our Democratic friends will do their readers a favor by republishing the same.

Amount of public debt Nov. 30, 1860, $37,827,355 73
Amount of public debt paid from Nov. 30, 1860, to Nov. 30, 1868 ..... $ 5,470 061 16

During said period the State paid expenses growing out of the rebellion as follows:

1861	$3 354 353 83
1862	1 815 236 74
1863	206 333 08
1864	1 087 727 49
1865	460 001 24
1866	899 056 76
1867	834 062 82
1868	930 196 09
	$7 673 770 20

Less amounts refunded by the United States Government:

1861	$ 666 520 35
1862	533 306 04
1863	46 006 89
1864	90 37
1866	867 074 85
Amount of military expenses, &c., paid from Nov. 1, 1860, to Nov. 30, 1868	$1 966 714 63 $5 087 056 76

The State also, during the years 1866, 1867 and 1868, reduced the tax on real and personal estate, as follows:

1866	$ 1 416 800 33
1867	1 416 800 33
1868	1 416 800 33
	$4 250 401 99

RECAPITULATION.

1. Reduction of public debt from Nov. 30, 1860, to Nov. 30, 1868	$5 170 061 16
2. Amount of military expenses growing out of the wicked Democratic rebellion paid during said period	$5 087 056 76
3. Amount of State tax on real estate reduced for 1866, 1867 and 1868	$4 250 401 99
	$14 507 519 91

The above is all taken from the books of the Auditor General, which are open to all persons. There is no necessity for honest men to be *guessing* nor for villains to *misrepresent*.

The above figures come down to November, 1868. Since then the debt has been still further reduced upwards of one million more.

THE Copperhead papers are teeming with falsehoods against Gov. GEARY. Neither truth, justice or decency are regarded. Among other silly stories is the statement that Twitchell, the Philadelphia murderer, was pardoned, and not hung—that another body was substituted to deceive the crowd. The Democratic Sheriff of Philadelphia, Lyle, who hung Twitchell, pronounces it "an idle story without foundation," while the Superintendent of the Moyamensing Prison says it is "a base fabrication." So with the story about the pardon of Gordon, the Chambersburg negro who was sentenced to the Penitentiary for rape on several white females. Gordon is now in the Penitentiary, serving out his sentence. Both stories are falsehoods, pure and unmitigated, and these Copperhead editors *know them to be false!* But Geary was a brave, loyal Soldier who helped to squelch the Rebellion, and Copperhead malignity will never forgive him therefor.

FROM 1843 to 1848, when Judge Packer was an officer in the Lehigh Coal and Navigation Company, he demonstrated his love for workingmen by paying his employees in the Company's scrip at par, and redeeming it at forty per cent. discount. The poor men were obliged to submit to the ruinous shave, as they could buy nothing with the scrip, and had nothing else to buy with. Thus Packer profited by their necessities to the extent of forty cents on every dollar, and in this way helped to build up his colossal fortune. We are glad to know that the present officers and management of this staunch old company do business in a different way.

THE "ring" who controlled the last Democratic Convention, are hard at work organizing their party. They have plenty of money, and are pouring it out like water. From all parts of the county we hear of money being freely distributed. Where money fails to bring the disaffected to terms, the lash is to be applied. Hence the "ring" are preparing a series of Democratic meetings in the disaffected districts, for the purpose of bringing the party lash to bear upon all who dare to rebel against their mandates.

FROM all parts of the County we hear of honest Democrats who openly announce their determination not to support the candidates put up by the "ring" which aspires to rule their party. They are tired of having their best men slaughtered in their nominating Conventions, at the bidding of party-hacks and trading office-seekers. As a general thing this determination is found among the best men in the party, men of independent thought and honest purpose, and we are inclined to think the "ring" will have some trouble to whip them into the traces.

THE Democracy, to be consistent in their demand for reform, should cordially support President Grant and Governor Geary. Grant, in the first four months of his administration, has reduced the public debt over forty-nine millions; Geary, during his term of office, has reduced the State debt more than six millions.

THERE is a fierce fight going on among the Democracy of the Northumberland Senatorial District on the subject of Senator. They are running two candidates, Buckalew and Chalfant, each wing denouncing the other with intense bitterness.

IN Mississippi the Democracy are supporting a negro for Secretary of State. In Pennsylvania they still stick to the dogma of a "white man's government," in which "niggers have no rights which white men are bound to respect."

How much property did Packer return to the U. S. Assessor last year?

Gordon sold watch and a little silver plate.

How much did the United States tax on these amount to? $8.95.

"HISTORY repeats itself." Mr. Packer was thrown into the Lehigh river in 1848 by Pennsylvania bostmen. Three hundred thousand workingmen of Pennsylvania will throw him into the Salt River in October, 1869.

EVERY soldier in Pennsylvania ought to vote the Republican ticket.—The sympathies of Packer and Pershing were against them during the late war.

ADVICES received from Ohio represent that the political campaign is making favorable progress, with decided prospects for an overwhelming defeat of Pendleton and the Democratic State ticket.

THE Manch Chunk *Gazette* says that it has good authority for saying that Mr. Packer regards his chances as poor. Packer so remarked to a friend in Manch Chunk.

DON'T forget that Asa Packer, the millionaire and Railroad King, is the greatest coal monopolist in Pennsylvania!!

No better evidence of the wisdom of Republican administration, is needed than that furnished by the rapid reduction of the National Debt, under Grant, and of the State Debt, under Geary. Gov. CURTIN, in 1860, and his predecessors, left the State debt $37,827,355 73. Gov. GEARY, by economical administrations. The State Debt to-day is $31,795,283.29—a reduction of $6,174,-554.21 in nine years, the result of prudent economy and official integrity.—Not only this. During these nine years, and the *State* had to meet extraordinary expenses growing out of it to the amount of $6,012,459.73, as follows:

Direct tax levied by the United States Government against the citizens of Pennsylvania, but assumed by herself	$1,946,719 33
Equipment, pay of soldiers, and all other military expenses	3,300,153 55
Premium on gold to pay interest previous to 1865	463,774 90
National Cemeteries	16,992 00
Schuylkill county draft riots	1,087 41
Relief to Chambersburg	597,608 74
Soldiers' orphans	1,020,457 69
	$9,945,893 62
Deduct military expenses refunded and allowed in settlement with General Government	3,933,433 88
	$6,012,459 74

All these additional expenses were promptly met, so that in fact the debt paid during the administrations, of Govs. CURTIN and GEARY has been $12,277,018-95—twelve millions two hundred and seventy-seven thousand and thirteen dollars and ninety-five cents! Isn't that a glorious record—a record on which Gov. GEARY can justly claim the earnest support of honest tax-payers? Still more. During these nine years, while these Stores, reducing the State Debt, a Republican Legislature, in 1866, repealed the State Tax on Real Estate and this in the last three years saved the tax-payers of the State a still further sum of $7,147,-103.92, which but for this repeal would have been collected over and above local taxes. Adams county's share of this Real Estate tax would have been $66,665, which Republican economy has enabled the State to dispense with.

In a word, the theory of Gov. GEARY and his administration has been to relieve Farmers and Citizens as much as possible from the burden of taxation, and to impose on corporations the main burden of meeting the expenses of the State administration and the payment of the State Debt. Do the people want this theory changed? If so, vote for ASA PACKER—the representative of the wealthy corporations, and whose administration would necessarily reflect their wishes.

MR. NEIDICH IN A NEW ROLE.

HAMPTON, PA., }
Sept. 29, 1869. }

MESSRS. EDITORS:—A little incident occurred here the other day, the facts of which may be worthy of publication. We have a Union Church in this place, which is used by the Lutherans, Methodists, Reformed and Presbyterians. Mr. NEIDICH, the Democratic candidate for County Commissioner, happens to be one of the Trustees. It has been the invariable custom to open this and all other Churches for Temperance and other benevolent movements connected with the Christian Church. A few days ago, Rev. Mr. Young, of the Methodist Episcopal Church, made application for the use of the Church for a Temperance meeting. Mr. Neidich having assumed the role of a candidate for office, deemed it prudent to put his veto on the application, and as the rules of the Church require the unanimous assent of the Trustees, he succeeded in closing the Church, although all the other Trustees approved the application. It was an outrage on the Christian sentiment of the community, and has created no little feeling among good people who deplore the evils of Intemperance. Is Mr. Neidich courting the Whisky "ring," to help him into office?

READING.

THE New York *Sun* lately sent a reporter to Mauch Chunk to "interview" Asa Packer, and extract from him a statement of his views on current public questions. The reporter's conversation with the expectant Governor occupies about three and a half columns of the *Sun*. Mr. Packer's declarations were so vague and ill defined that the *Sun* is very much dissatisfied, and in an editorial article shows up his timidity in a strong light. It says that in evading commital on political issues he betrays a cowardly spirit and a weak mind. "On the great and pregnant questions of the tariff, finance, negro suffrage, the Fifteenth Amendment, reconstruction, the eight hour law, and woman's voting, we know just as little of Judge Packer's ideas as we knew before."—After thoroughly discussing his political status as a present candidate for Governor and prospective candidate for President, the *Sun* concludes:—"The American people don't want him, and we fancy the majority against him in October will not vary much from 10,000." That is just what we think.

GENERAL REYNOLDS, the able commander of the Fifth Military District, of which Texas is a part, in a frank, soldierly letter to President Grant, takes bold ground against the Conservative party of Texas, headed by A. J. Hamilton, and declares that if it succeeds "it will put the State into the hands of the very men who during the entire period of the rebellion exerted every nerve to destroy the Union, and who have uniformly opposed the reconstruction laws with a persistency worthy of a better cause."

DON'T forget that Asa Packer, the twenty million railroad king candidate of the Democratic party and New York for Governor, changed his residence to avoid taxation, and was not assessed either in Carbon county or Philadelphia for two or three years—thus defrauding the State of his just proportion of taxes for that time!—Mind that, every voter who pays his taxes by the labor of his hands, and "eats his bread in the sweat of his face!"

SECRETARY BOUTWELL has ordered the Sub-Treasurer at New York to sell one million of gold each Tuesday and Friday until November 1st, and also to purchase two millions of bonds each Wednesday until the same date. This will be in addition to the regular purchase of bonds on account of the sinking fund.

THE Scranton *Register*, a Democratic paper, has anticipated the election by suspending.

GOVERNOR GEARY is canvassing the West with great success, all his meetings being large and enthusiastic.

"VOTE only for such men as were loyal in 1861."—U. S. GRANT.

HOT SHOT FOR PACKER'S HOME.

The [illegible] *Chunk Gazette*—published in the town of Asa Packer lives—knows all about the record of this candidate for Governor, and in the following facts and figures against Packer, of the payment of taxes, he has given the Democracy of Carbon county, and the State at large, a terrible dose. We commend the article to the careful perusal of every voter:

Will the *Democrat* please inform its [illegible] State and local Judge Packer paid last year on his vast personal estate and salary? The truth is he paid not one cent, either here or in Philadelphia. His house, land, and other fixtures here, of course, could not be hidden in a Philadelphia tavern, and, on these, he, therefore, paid.

"Birds of a feather flock together" is an old and true adage. Asa Packer in admiration of his rebellious spirit invited the traitor Vallandigham to his house and entertained him, in the darkest days of the war; he was also the friend of the rebel and repudiator, Pendleton. What think the gallant soldiers of Pennsylvania of such a record? Can they who wore the blue, vote for such a man?

Remember that Asa Packer once bolted the regular Democratic nomination, *because the nominee was a Catholic*, and at another time bolted his party nominations, and supported a Know-Nothing candidate. These are undeniable facts, and his own party papers know them to be true. They would deny them if they could.

SOME of the Democratic journals of the interior have been contrasting the $2,500 which Asa Packer gave to the Avondale disaster with the $500 given by Governor Geary. They could not have invited a comparison more damaging to their candidate. Asa Packer, worth twenty millions, gives about one half of one day's income. John W. Geary, a poor man, gives one-seventh of his income for an entire year.

The gold gamblers of New York city last week effected a combination to run up the premium for speculation purposes. The skirmish between the "bears" and "bulls" commenced on Thursday and culminated on Friday, the premium runing up from 135 to 163½, amid the most intense excitement. The Gold Exchange and avenues leading thereto were filled by an excited crowd, and fortunes were made and lost in a few minutes. The bubble burst about 2 o'clock, by Secretary Boutwell ordering $4,000,000 of Government Gold to be thrown into market. This amount could have been swallowed up by the gold gamblers, but as Secretary Boutwell had $50,000,000 back of it, if necessary, the gamblers knocked under, and the premium went down at once to 130 and 131, to the ruin of some of the heaviest dealers, who retired from the struggle broken and bankrupt. The operations of the day were of enormous magnitude, reaching $650,000,000 on Thursday, and $500,000,000 on Friday. Wall street, during Thursday and Friday, was a Bedlam, and several dealers were taken from the Gold Room crazed from excitement. A number of prominent brokers, concerned in the movement, have since gone by the board, and others may follow.

THE Republican County Ticket is unquestionably one of the best in every respect—qualifications and personale—that has ever been presented to the people of Adams county. There is not a man on it from top to bottom, against whom a word can be said—not one who would fail to bring dignity and admitted capacity to the offices for which they are named. There is not an office-seeker in the entire list—in one of them party hacks—all of them possessing eminent fitness and commanding the respect and confidence of their fellow-citizens. It is a ticket that *deserves* to be elected. It is a ticket that every Republican should be proud to work for. It is a ticket that many of the best Democrats, disgusted with the operations of the "ring," will vote. It is a ticket which CAN BE ELECTED, if every Republican does his duty. To work, they friends! Organize at once for VICTORY.

DON'T forget that Asa Packer, by his sham removal from Carbon county, escaped taxation entirely for three or four years, and then made a return of property on which the taxes amounted to less than forty dollars!

How many bounty Bonds of his borough did Packer take during the war? Not any.

THE FRANKLIN 'ARCTIC EXPEDITION.—Dr. Hall, the Arctic explorer, with Emlerberg and Pookoolitu, two Esquimaux and their daughters, arrived at New Bedford, (Mass.) on Saturday, from Repulse Bay, August 23d. Dr. Hall brings, as among the results of five years residence in the Arctic regions, most interesting intelligence in regard to the death of Sir John Franklin and his companions, and conclusive proof that none of them ever reached Montreal Island. He saw natives who were the last to look upon Crozier and his party. He also brings with him the remains of a young man who belongs to that ill-fated band of explorers and various relics of the explorers. He has prepared a report addressed to his friend Mr. Henry Grinnell, of New York, which will soon be given to the public through the press. Dr. Hall found a native who claims to know all about the party. He says the ship was stove and the crew took to their boats and went ashore, where their provisions were exhausted, and they died from starvation. Ice and snow prevented Dr. Hall from making full explorations. He will return next summer and further prosecute the search.

The Democratic State Convention of New York met at Syracuse on Thursday, and nominated a ticket headed by Homer A. Nelson for Secretary of State, Wm. F. Allen Comptroller, and M. B. Chamberlain Attorney General. Resolutions were adopted opposing the Administration and the manhood suffrage amendment, declaring for protection of American citizens abroad, the reduction of the tariff to a revenue basis, equalization of taxes and payment of the debt according to contract.

GEN. James B. Steadman, ex-collector of Internal Revenue at New Orleans, and a great friend of Andy Johnson, as well as a special favorite of the democracy, has been arrested for defrauding the government out of $600,000. Steadman must have been dealing largely in extravagant luxuries.

A CARRIAGE containing four ladies tumbled over the precipice opposite the Clifton House, Niagara Falls, on Saturday. Mrs. Elisha Smith, of Providence, R. I., was instantly killed. Miss Ada Ballow, of the same place, was badly injured.

A RIOT has caused Solomon Mahler committed suicide in Brooklyn, on Saturday, in consequence of losses by the sudden change in gold. Insanity and death are costly penalties for the luxury of gambling in Wall street.

NASBY, who is now of the political field lately from Manch Chunk, thinks Democracy has got inlaid.

GEARY and Williams campaign clubs are the order of day all over the State.

THERE is every reason to believe that Geary will have a still larger majority in October.

ADDRESS

OF THE

Republican State Central Committee.

Rooms of the State Executive Committee, No. 1 Chestnut Street, Philad'a.

To the People of Pennsylvania:

The approach of an election for Governor of the State and Judge of the Supreme Court calls upon us to address you.

That election, although confined to State officers, may have an effect beyond State limits, and exercise an important influence hereafter on the politics and destiny of the nation.

Arrayed against us, and endeavoring to secure your votes for their candidate, is the same Democratic party which was overwhelmingly repudiated by the people at the last Presidential election.

It has changed none of its principles, and reformed none of its practices, but is as odious to-day to all loyal men as it has been heretofore.

Its Southern wing caused the rebellion, and strove, by armed force, to rend in twain that glorious Union which was cemented by the blood of our fathers. Its Northern wing gave all the sympathy, aid, and comfort to the rebellion that it dare, by resolutions in its State and National conventions, and by the votes of its members in our State and National Legislatures against all propositions and bills offered by loyal mea tending to strengthen the arm of the National Government in its efforts to crush the rebellion.

That party caused the expenditure of four thousand millions of dollars of the public money, and is the guilty author of the heavy debt, that is now pressing down the National industry.

It is answerable for the blood of half a million of loyal men, sacrificed in the effort to crush out its wickedness, and for the wounds and misery of hundreds of thousands more.

It is responsible for the sufferings and and poverty of the wives made widows, and the children made orphans at Democratic hands.

In its National Convention the Northern wing permitted the Southern Rebels to dictate the National Democratic platform and policy, and has again taken to its arms the men whose hands are not yet cleansed of the blood of Northern patriots.

That party is in favor of free trade in commerce as fully now as when its Vice President Dallas gave the casting vote against American industry, more than twenty years ago.

It favors practical repudiation of the National debt, by paying off interest-bearing bonds redeemable in gold, with irredeemable notes, bearing no interest, and which from their excess would become as worthless as Continental paper.

It presents as its candidate for Governor, a man thoroughly impregnated with all these abominable heresies, who though rich beyond the necessities and wants of any reasonable man, ev ades, by disingenuous shifts and artifices, the payment of his taxes, and throws upon the rest of the people of the State that share of the burdens of the State which he is legally bound to bear.

If he should unfortunately be elected he will be as "clay in the hands of the potter," in the hands of that unscrupulous set of men too well known to the State and nation as "the coffee-pot" Democracy, who have so persistently endeavored for the last few years, by wholesale fraudulent naturalization papers and fraudulent election returns, to destoy the value of the elective franchise.

It presents as its candidate for the highest judicial office, a gentleman unknown to his profession, and whose limited experience renders him unable to grapple with the great questions that are continually presented to our Supreme Court.

Such men surely are not entitled to the support of loyal and inteligent freemen.

On the other hand, we assert that the Republican party is the party of loyalty, of devotion to the Union, and to the rights of all men.

It stood by the Government in the hour of its great extremity. Its young men went to the battle field, and offered up their lives in defence of the integrity of the Union, while its opponents stayed at home, and rejoiced in rebel victories.

Its capitalists, when the credit of the Government was lowest, offered up their wealth to support our armies in the field, and to provide hospitals for the sick and wounded.

It has voted bounties for the soldiers and provided pensions for the disabled and for the widows and orphans of the patriot dead, and is now in the State of Pennsylvania alone expending half a million of dollars yearly to educate the orphans of deceased soldiers.

It recognizing the duty of an enlightened government to provide for the encouragement of the industry of the people, it has enacted tariffs to prevent undue competition by the pauper labor of other countries with the labor of the American citizen.

Regarding the plighted faith of the Government as the most sacred of obligations, it has determined that the debt of the nation (except where otherwise agreed upon,) shall be paid in gold to the last dollar.

In the National Administration, it has redeemed its pledges to the people, by dismissing useless office-holders, by reducing the number and expenses of the army, and by paying off in the first six months of its existence, fifty millions of dollars of the national debt caused by the Democracy, and with the prospect of paying off five hundred millions thereof during Grant's administration, whilst in the State administration, under the skilful management of Governor Geary, it has paid off five millions of dollars of our State indebtness, and has relieved the people from all taxation on real estate for State purposes.

Such are the principles and acts of the Republican party.

As the representative of those principles we present to the people as candidate for Governor the statesman and patriot, John W. Geary. His history is known to you all. We need not repeat it. His military exploits are written on the rocks of Cerro Gordo and the walls of Chepultepec. They are incribed on the ridges of our Geuysburg, on the passes of Wauhatchie, on the forests of Ringgold and Missionary Ridge, and above the clouds on the heights of Lookout Mountain.

He rendered service in sixty battles, received four wounds, and lost his eldest son in the service of his country.

He has been scarcely less distinguished as a statesman, and to his intelligence and firmness we are indebted for the prevention of hasty, and unwise, and unconstitutional legislation, and for the punishment of murderers, whom a less firm Executive would have allowed to escape.

In Judge Williams we present an able and accomplish jurist, who has sat long on the bench, and had a large and varied experience, and whose numerous decisions, supported by the Supreme Court, have been recognized by that tribunal as being sound law, and expressed in a manner worthy of its high commendation. In his hands the rights of the people will be secure.

The election of these two men will be of vital importance to the people. It will destroy the sham pretensions and professions of the Democratic party, always arogant and never fulfilled. It will establish the prosperity of the people on an enduring basis.

We exhort every friend of genuine republicanism to go to the polls and vote for Geary and Williams. Do not wait to be solicited. Do not wait for your neighbor. Do not let an apathetic indifference render you careless in the exercise of what is not a mere privilege *but a duty*.

Remember that the election of Geary will give us an honest administration of State affairs, whilst the election of a man who advocates the payment of his taxes would be likely to be the advent to power of dishonest men.

Remember too that the election may have an important bearing on the next Presidential election; and it Pennsylvania should now fall into the hands of an effete and corrupt Democracy it may throw the next National Administration into the power of rebels, free traders, and repudiators. A full Republican vote is a full Republican victory.

Let every patriot do his duty, and all will be well.

JOHN COVODE,
Chairman of State Central Committee.

NASBY.

He takes a Look over the Political Horizon and gives the Results thereof.

MOCK CHUNK (wich is in the State uv Pennsylvania,) Sept. 11, 1869.

At last I hev struck a haven uv rest. At last I hev a shoor abidin place, for a time at least. How long I may stay, or how soon I may be compelled to pick up my landlord's spare shirt and travel, I can't tell. But wat do I care? For the present I am under the wing uv a man who hez twenty millions uv dollars, and who is yoosin it at a terrific rate. Some few uv the drops uv the golden shower is a fallin onto me, and I am content. That is, I am content personally. I am ez well off ez I cood be. I hev twice penetrated the august presence uv the Democratic candidate for Governor uv Pennsylvany, representin myself ez president uv a Democratic club in Philadelphy, and twice have I received a hundred dollars to carry on the good work. The young man wich guards the outer door uv the candidatorial manshen is a most scoot judge uv human nacher. The servant at the door askt for credenshels, at wich the young man who happened to be in the hall, noticin me, rebuked him for delayin me.

"Terence!" remarked he sharply, "admit all sich noses without question. Yoo bet they are our friends."

That nose hez cost me thousands of other people's dollars to keep up in color. Thank Heaven, its repayin me some uv the trouble I hev gone to on its account.

I am well enuff off, and possibly ought to be satisfied, but the condishen uv the Democrisy afflix me. The fact iz, we are in a bad way, and ther ain't no way out uv it. We ain't got no yoonanimity—we ain't got nothin to fite for, and the country hez hed universally good crops. The weather's bin agin us. Ef we cood hev hed rain in harvest enuff to hev rustid the wheat, and enuff follerin the wheat harvast to hev rotted the peetaters, and then a juicy attack uv cholera and yellow fever, and other disorders uv that nacher, so that the people cood hev got dissatisfied and ugly and sich, ther wood hev bin some hope for us. The peetater rot in western Pennsylvany wood hev made thousands uv votes this fall alone. But wat's the yoose uv talkin to farmers with tears in yoor eyes uv a country goin to roobin, when every mother's son uv em hev ther pockets stuffed with greenbaxs and a barrl full uv wheat to bring more? Wats the yoose uv clamorin for change when the country's doin ez well ez it kin anyhow?

* * * * * * *

In Pennsylvany we aint much better off. Our candidate hez pints about him. He wuz a copperhead doorin the war, wich makes all uv that class uv Democrats enthoosiastic in his support; but on tother hand it drives off the war Democrats, without wich we aint worth shucks. He hez money though, and ez he's bleedin freely he may keep the organizashen alive till we kin make a fite with a man wich we kin elect.

The principal trouble is, however, to find out wat Democracy is at this juncter. In Ohio its agin nigger ekality and in favor uv either payin off the bonds in greenbacks or repudiashun; in Tennessee its nigger suffrage and nigger offis holdin; in Connecticut its payin the bonds in gold, interest, and principles; in California its anti-Chinese, and in Louisiana its Chinese. In Maine our people are runnin a perhibertory likker law, and everywhere else ther're for free whisky. In Illinois, Democracy is free trade; in Pennsylvany, its high protective tariff, and so on around. In short its so high mixed that I woodent agree to go from one county to another to make speeches, without having first carefully ascertained wat the Democracy uv that particlekler county believed in.

I got Democratic papers from all the States one day, and by persistent reading uv em for five hours I became so mixed as to be a promishin candidate for a loonatic asylum.

I shel stay wher I am so long ez there is anything to be got out uv the p-sishen. I hev personated a Cheerman uv Philadelphy Committees twice with success: to morrow I shel try it agin, and after that sich other characters as may occur to me. I must make hay while the sun shines, for the furious assaults onto Packer's pile is redope in it fearfully.

SPAIN.—The telegraphic intelligence from Spain is important as indicating the spread of Republicanism, the increasing boldness with which its advocates promulgate their principles, and the fear with which the Government regards the movement.—The Republican Club of Madrid has been closed by the Government on account of its members having adopted a resolution that they won ld make armed resistance to the Monarchy; at Sarragossa the eloquent Senor Castellar addressed an audience of twenty thousand persons, urging death rather than submission to Monarchical institutions, and in all the principal cities Republican meetings are held amid great enthusiasm. It is eminently characteristic of Spanish Government that the President of the Republican Club of Tarragona has been assassinated. In the city of Barcelona a serious riot took place on Saturday, which could only be quelled by the military.

As Mr. Border and wife were leaving the ground, in company with others, a wheel of their buggy struck a tree, breaking the shafts, and precipitating Mr. and Mrs. Border violently to the ground. Mrs. B. was removed to a house near by in an unconscious state. Dr. Eckenrode was called in, and after administering the usually remedies, consciousness was restored. Her head and left arm were severely contused.—*Compiler.*

LITTLESTOWN.—The Press of the 23d has the following items:

MAD DOG KILLED.—On Monday last a number of our citizens were greatly alarmed by the appearance of a dog in the street, that gave unmistakable signs of hydrophobia. After frightening a goodly number of females, he was despatched by one of our citizens.

ACCIDENT.—On last Sunday, whilst a little son of Mr. Thaddeus Blocher, of this Borough, was amusing himself on a pile of lumber, one of the planks suddenly slipped from its place, catching the little fellow's left leg under it, and breaking it between the knee and ankle. The fracture was adjusted by Dr. R. S. Seiss.

ANOTHER.—On Monday last, a little daughter of Mr. Andrew Jones, also of this Borough, in the absence of her mother, by some means got hold of a small pen-knife, with which she cut her selfself quite severely in the lip, the blade of the knife passing entirely through the lip, causing it to bleed profusely.

WEST PA. SYNOD.—This body closed its sessions at a late hour on Monday night, and adjourned to meet in Mechanicsburg next September. The business transacted was the usual matters claiming the attention of district Synods, and related mainly to the work of Home and Foreign Missions, Beneficiary Education, vacant Charges, &c. A large proportion of Saturday's and Monday's sessions was occupied in considering some difficulties in the Mechanicsburg charge, brought before Synod by the Cumberland Valley Conference. A resolution was finally adopted by a nearly unanimous vote, endorsing the action of the Conference.

The various pulpits in town were supplied on Sabbath morning and evening by Ministers connected with the Synod, and public services were held every evening in St. James Church. On Thursday and Friday evenings, the services had special reference to home Missions & Education, a liberal sum being realized for each cause by contributions for life memberships of the Societies—$105 for Missions, and $415 for Education. On Saturday afternoon the Synod in a body visited Steven's Hall, Pennsylvania College, and the Theological Seminary. At the College the members of Synod were formally welcomed by President Valentine in a neat speech, which was replied to by Rev. Mr. LILLY, President of the Synod.

The Synod adopted measures to put the the work of Home Missions, Foreign Missions, Church Extension, &c., hitherto conducted as independent operations, into auxiliary relations with the General Synod.

The standing resolution forbidding the election of the same persons as delegates to the General Synod twice in succession, was rescinded.

The sessions of the Synod were pleasant and harmonious, and before adjourning resolutions were adopted acknowledging the hospitality of the citizens of the town.—The following resolutions were unanimously adopted:

Whereas, The vice of Intemperance is rapidly and alarmingly on the increase in our land, thereby greatly augmenting domestic sorrow, corrupting and destroying national life, and retarding the success and triumph of the Gospel: Therefore be it *Resolved*,

1st. That we, as a Synod, hereby express our deep regret that Intemperance thus prevails throughout our land.

2d. That we most earnestly urge and expect all the members of our respective Churches, save for medicinal and mechanical purposes, totally to abstain from the use of all intoxicating drinks, and that we will regard the use, or sale of intoxicating liquors, save for medicinal and mechanical purposes, as an offence demanding the enforcement of Church discipline.

3rd. That we, as Ministers, will at least once and as much oftener as we may think proper, during the coming Synodical year, *preach* upon the subject of Temperance, (or Intemperance,) and by our examples and influence do all in our power to further the interests of the Temperance cause.

MESSRS. EDITORS:—It has been rumored that should Dr. Dill be re-elected to the Legislature this winter, the Democracy will make an effort to have the next session of the Legislature held at York Springs.

This, if true, is a very good suggestion, as it would afford him an opportunity of devoting more than three days out of one week to the interests of his constituents. Can you give us any light on this subject?

INQUIRER.

AGRICULTURAL FAIR.—The Seventh Annual Exhibition of the Adams County Agricultural Society has opened with flattering success, and the indications are that the State Fair at Harrisburg and the Fairs in adjoining counties, have divided attention this year, many persons along the county line finding it more convenient to attend exhibitions at other places. The weather during the week has been very favorable, and the crowd in attendance, especially on Wednesday and Thursday, was very large.

The exhibition of Live Stock is the largest and best we have had, there being a number of heavy Oxen Bulls, fine Cows, draft Horses, Colts, Hogs, Sheep, Chickens, Turkeys, Ducks, &c., which have attracted much attention.

In the line of Fruit the same may be said, the plentiful season giving an unusually fine display of Apples, Pears, Peaches, Grapes, Canned Fruit, &c.—There is also a large assortment of Potatoes, Pumpkins, Corn, Grain of all kinds.

The department of Agricultural Machines, is well represented, some of the machines being first class.

The Fancy Articles, including Embroidery, Paintings &c., although not so large as at some previous exhibitions, are very choice, and, with the cases of photographs, &c., make an attractive display.

The Exhibition is still in progress as we go to press, (Thursday afternoon,) and the Premiums had not been announced. These we hope to be able to give in full next week.

The County Trot—mile heats, best two out of three, $25 premium for the best horse and $15 for second best—came off on Wednesday afternoon. Three entries were made, viz: Henry Reiman, of Liberty township, bay horse; Augustus Delone, Conowago, black horse; Edward Ertter, Gettysburg, bay mare. The bay horse won both heats, the black coming in second; the bay mare being distanced on first heat. Time, 1st heat, 3.21½; 2d heat, 3.22. The black broke badly during the trot, but subsequently was put on the track and made the mile in 3.11, although breaking at times again.

For the Pacing and Racking Premium—$10, mile heats, best two out of three—Simon Diller, of Hanover, entered a grey mare; Dr. T. T. Tate, of Gettysburg, a brown horse; and Samuel Wade, Gettysburg, a roan mare. Diller's grey won in two straight heats; time 3.05 and 3.05½.

For the special Trotting purse of $20 five entries were made, but in consequence of some difficulties at the start, but one went—a brown horse, entered by John Graft, of Straban. Time 3.17.

For the $100 Trot, there were six entries, but only four went, viz: "Honest John," entered by Martin Quin, of York; "Geary," by Dr. T. T. Tate, Gettysburg; "Nelly White Foot," by Samuel Bringle, Frederick; "Pony," by Ignatus Delone, Hanover. At the start "Geary" and "Pony" came into collision, breaking the sulky of the former and injuring "Geary," so that Dr. Tate found it necessary to withdraw him. The others contested the trot, "Honest John" winning in two straight heats—2.45½ and 2.41.

There was also a Velocipede race—$3 for best and $2 for second. McClellan Hersh, of New Oxford, Thaddeus Flaharty, of Gettysburg, J. B. Holtzworth, of Chambersburg, and a young man from Hanover, entered. Hersh made the half mile in 3.15 minutes, Flaharty coming in second.

The receipts on Tuesday amounted to $703.75; on Wednesday, $1452.00; and Thursday $398 28—total $2.554 03.

IN A SHAFT.—We learn that on last Sabbath, one of Mr. J. C. Markley's horses fell into a shaft, at the oar bank on his premises, 15 feet deep and 4 by 8 feet wide. The horse was extricated from his unpleasant position in the course of 20 minutes, though the skill of the master miner, Mr. James Ozens, safe and sound.

CAUTION.—Extended success in any department of business justly awakens competition, and owing to deceptive manual and mental structure, often begets envy. Now these are to be expected and may be met with energy and determination; but not unfrequently the bounds of legitimate rivalries are overstepped, and base, unscrupulous men stoop to use the patronage of others to further their nefarious purposes. With the undersigned originality, and by means of industry and honesty, in providing a potent remedy, Dr. Stover's Old Standard Tonic Herb Bitters have attained unparalleled celebrity, having been before the public for the last thirty years.

Wherever they have entered the sick or complaining household, their effects have even exceeded expectation, and so far surpassed all we have ever claimed for them by circular, card, or otherwise, that the public confidence in the medical qualities of the Bitters is unbounded. We do not fear the competition of the empirical throng who attempt to palm off remedies upon the people, which are not scientifically compounded, and are destitute of available qualities. Their empiricism will be discovered in the end, and the inefficiency of their preparations found out. We would rather be envied for merited success than despised for failure, however ungenerous it may be for man either to envy or despise. Against another and a worse class of individuals, we are forced to take action. We allude to those who take advantage of our popularity, and attempt to gain public favor and confidence by counterfeiting the Old Standard Bitters, barely imitating the label, or making other approaches to its preparation calculated to deceive, and as a matter of course, in so far as they succeed, to bring our excellent Tonic into disrepute. The public are hereby warned against all such imitations. In order to further protect ourselves, and save the afflicted from imposition, we have concluded to change our Label so as ever hereafter to sustain our indentity, and keep the reputation of the Old Standard intact. We incur great expense by so doing, but the end warrants the means. The new label along with the caption, directions and neat ornamentation, will present an excellent steel portrait of C. H. Kryder, the senior member of the firm. This will be the badge of its genuineness, as well as a guarantee of the quality of the Bitters. The label will be duly copyrighted, and thus placed beyond the reach of counterfeiters. By no fault of ours shall the public confidence ever be abused or the reputation of the "Old Standard" be allowed to suffer. None genuine unless signed.

IMPROVED MORNING GLORY.—The famous Morning Glory Stove, so popular as a parlor and office stove, has sometimes been objected to for use in chambers and by families needing but one fire, because not adapted to heat water, &c.—This difficulty has been overcome, and last Monday we saw one of the improved Morning Glories in operation at the Warroom of Col. C. H. BUEHLER, on Carlisle street, which seems not only to obviate objections but to meet every desired want. It is nothing more or less than the ordinary Morning Glory, with an Oven about 15 inches in diameter attached, and ingeniously arranged dampers by which the heat can be turned around the oven at pleasure, and the cooking it as hot as the ovens of the best cooking stoves. Water can be boiled, pies baked, and even meat roasted as readily as in a cooking stove. This contrivance, while preserving all the qualities of the Morning Glory as a heater, adapts it for the sick chamber, or use in small families requiring but little cooking. tf

HORRIBLE DEATH—*A Child Poisoned by her Parents to end Her Sufferings.*—One of the most heart-rending cases of hydrophobia that has yet occurred in our city of late, was reported on Wednesday. Georgianna McCredy, a girl aged twelve years, was bitten by a dog afflicted with rabies, on the 12th of July last. Two or three days ago the symptoms of this horrible distemper began to show themselves in their most appalling forms, and the girl was immediately subject to terrible convulsions and spasms. From their commencement, each successive convulsion was more shocking than its predecessor, until the poor child was lingering in agonies the most awful of which the mind can conceive. Her screams were heart rending, and the parents almost distracted with this horrible visitation upon their child. Last these horrors culminated fast, until the tortures had become so frightful that the parents acting, as we learn upon the advice of others, administered poison to their daughter, to put an end to her sufferings, from which she was soon released after the drug was administered—death occuring at half-past ten o'clock.—*Philadelphia Age.*

The Star and Sentinel.

Gettysburg, Friday, Oct. 1, 1869.

No time should be lost in plowing stubble. If for spring wheat or oats the sooner the better, for it has the effect of summer fallow or that of a hoed crop. A short breated mold-board twelve-inch plow is the best for this purpose, as it will enable the plowman to plow deeper, and to more thoroughly bury the weeds and stubble. A weed hook will enable one to cover the tallest weeds completely out of sight.

This is the best time of the year to clear the barnyard. First give the garden its annual supply, next the meadow, then look at the orchard if it may not need a few loads, and the remainder may go to the corn-field, stubble-field or potato patch, the patch of blackberries, if you have them, and a few loads on the lawn about the house,—all of which should be spread at once evenly over the surface. The practice of putting it up in piles for winter, to spread in the spring, is a very bad one.

A pretty liberal breadth of beans has been planted, and some of the early planted are ready for harvesting. They should be pulled and placed in a small circle, with the roots outside. The open space inside may be two or three feet in diameter, and the beans piled up in the shape of a cone and capped. In this way the crop will thoroughly mature and stand heavy rains. When thoroughly cured, they may be hauled from the field and threshed.

A correspondent of the *Bee Journal* plants catnip along the fences and in out of the way places where weeds ordinarily grow, for forage for bees. He says the bees work in all kinds of weather. A slight frost does not kill it as it does other flowering plants, and it is in bloom from the time it first makes its appearence until killed by the frost in the fall.

Care should be had in plowing to secure drainage. If well put in, a bushel of seed; threshed with a flail or tread out with a team, is plenty, but if threshed with a machine, may need more. Avoid new threshing machines for seed wheat, as these cut the grain more or less. In old machines the teeth become rounded and do less damage.

Save the Cornfodder.—We have long been of the opinion that there was not that attention paid to the curing and saving of the cornfodder that its value demanded. Every good farmer must know that cattle eat it greedily through the winter, and if cut and steamed it is as good for them as the best hay and really more milk-producing.

Where is the necessity of allowing it to remain in shocks until the middle or end of November? Corn should not be cut down until the stalks are dying and the grain is pretty hard, and then it should remain no longer in the field than is absolutely necessary for the drying of the grain. It should be husked as early as possible, and the fodder tied up in bundles and either carefully stacked near the cattle stables or put under shelter in sheds.

It is well-known, too, that horses prefer it to the best hay; also that the blades are especially sought for to feed racing animals, strengthening their wind and bottom beyond any other food. It is, besides wholesome provender and helps most beneficially in making the winter's supply of hay bold out till late in the spring, with the addition of copped roots, which every farmer, who shrewdly looks to the main chance, ought to cultivate for feeding in the early part of winter.—*Germantown Telegraph.*

Rules for Measurement.—The following rule for measuring corn and liquids will be useful to many of our readers:

1. Shucked Corn—Measure the length, width and depth of the crib in feet; multiply these three dimensions and their product by eight; then cut off two figures to the right; those on the left will be as many barrels, and those on the right so many hundredths of a barrel.

2. Unshucked Corn—Multiply as in rule first in the above example, and the product obtained by 5½; then cut off two figures on the right; those on the left will be so many barrels, and those on the right so many hundredths of a barrel.

For grain, fruit, herbs, in house or box, and the length, breadth, and depth, multiply them together; then annex two cyphers and divide the product by one hundred and twenty-four. Answer is bushels, pecks and quarts.

3. Liquid—Find the length in inches from the bung, the under edge, to the chime; multiply it into itself twice and the product by five hundred and seventy. Answer in gallons, quarts, pints and gills.

Measuring three hundred and seven feet on each side, and you have, lacking an inch, one square acre.

Too Much Lend.—We know a farmer who, ten years ago, owned 160 acres, and was doing well; he now owns five hundred, and is worse off than before. And why?

Because this large farm is a great bill of expense to him; he cannot afford to keep it up in good condition, and it hangs a millstone of care about his neck. His wife and children, both sons and daughters, are obliged to work hard to keep the great machine a running. We presume his boys declare they will leave home as soon as they are old enough; and the girls say they will die before they marry farmers. Neither sons or daughters are educated as they deserve to be; they cannot be spared for this from work on the big farm.

Now we declare that such a farm is a curse to its possessor and his family, and an injury to the whole agricultural interest. If that man wants to save himself and household, he should sell at least one half of his land, improve the remainder to make it productive, release his children from bondage, and try make his home a comfort.—He will live longer, lay up as good property, and will train up a more intelligent and happier family.—*American Agriculturist.*

The Best Wash for Trees.—October is perhaps the best period for the scraping and washing of fruit-trees. The insects which hide in the bark and crevices of the trees, have by that time retired to their winter quarters and can be easily destroyed. There is nothing better as a "wash" with which to scrub the trees than a preparation of say one pound of whale-oil soap to a large bucket of water, well dissolved. There is nothing more nauseous to insects than this. It will "cold" everything that we have tried it on but the curculio—*that,* however, cares no more for the mixture, even though accompanied with sulphur, lime-water and tobacco juice, than if it were a gingerly dose of pure spring water. But rose-bugs, and the steel-blue grape-bug, surrender to its power incontinently. Every farmer and gardener ought to have a supply of this soap on hand for use when necessary.

Apple and pear trees well scraped and then washed with this preparation will not only be freed from some of the chief insects preying upon foliage and fruit, but will sensibly feel its invigorating effects.—*Germantown Telegraph.*

Sorghum molasses will not make good vinegar, and it is a waste to put it with whisky or other molasses. It has been tried repeatedly in this State on a large scale.—In two instances more than ten thousand dollars were lost in the experiment. The vinegar at first appears fair, but it will not keep.

It is an excellent plan to keep a lump of common chalk in the feeding trough constantly, after the calves are a month old; this will correct the acidity in the stomach and have a tendency to keep them in a healthy state.

A careful examination of these machines will commence any one of their superior merits over all others, in strength, durability, ease of draft, and reliability for work, on all kinds of ground, and in every variety of grass and grain. Confident of this we invite those in want of a good machine to examine for themselves before purchasing elsewhere.

We have that confidence in these machines that we are willing to let those wanting a machine test them with any other they may wish, and keep the one that gives most satisfaction. DODGES' AUTOMAN SELF-RAKE underspeed intend to carry out this plan, and we consider if the best Self-Rake out, and is attached to no other machine except the Dodge Machine, the Ohio and Buckeye patent.

For the benefit of those wanting machines we would refer them to a few of those to whom we have sold the last season, viz:

STILL AHEAD!

HOFFHEINS'

REAPER & MOWER,

One of the Greatest Machines of the Age,

IS superior to any other Machine now in use, an will excel any machine ever before introduced, having been thoroughly tried and given general satisfaction. I would now inform all those who intend purchasing Machines to call and examine for themselves. This Machine is noted particularly to excel all other machines in strength, durability, ease of draft, and reliability of working, in all kinds of grass and grain.—It cuts lodged grain admirably, which is a great item in Machines to farmers. It can be used as a hand rake as well as a self-raker. It cuts 5 feet 2 inches in grain; 4 feet 10 inches in grass; has a steel cutter bar, with wrought iron guards; it can be used as a Single Mower as well as a Combined Machine.

A full trial of the Machine can be had.

Also, SHIRKMAN'S SHELF-DISCHARGING HORSE RAKE, and the great and well-known BRANT RAKE, which needs no introduction. We would also call your attention to the IRON DOUBLE SHOVEL PLOUGH, wrought iron frame, very light and strong, steel shovels, can be easily set to run shallow or deep, and is easily and tastefully made

ALSO, THE KEELER AND EXCELSIOR FANNING MILL, the old Stamborough Fan improved, for many years a great favorite among the farmers of Pennsylvania. It is large and strong, has two cockle screens, and warranted to work perfectly.

Also all kinds of FARMING IMPLEMENTS always on hand.

Any person wishing to examine these machines can see them at the Battle-field Road or at my residence, 3 miles from Gettysburg, between the Taneytown road and the Baltimore pike.

GEISER'S PATENT SELF-REGULATING

GRAIN SEPARATOR,

CLEANER AND BAGGER,

With the latest improved Triple-geared Horse Power, either Gear or Belt.

This machine has successfully competed with all the best of the Western Threshing Machines, and now has the reputation of being the best machine ever produced; in fact, the only Separator and Cleaner ever before public to give general satisfaction.

The machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One can easily move or shift it about, so that it is not half the trouble on a barn floor as a common thresher and shaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and cleanly to work by while in operation, and is running near the dust as the common machine or other Separators.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using them we must come to the conclusion that it is the very machine that farmers want.

The following are a few of the persons who have used this machine, well known, and to whom the public are referred for further information:

is pliant and elastic, and entirely free from the stiffness peculiar to many Pianos. In

WORKMANSHIP

they are unexcelled. Using none but the very best *seasoned material,* the large capital employed in our business enables us to keep continually an immense stock of lumber, &c., on hand.

Our SQUARE PIANOS have our New Improved Overstrung Scale and the AGRAFFE TREBLE.

We would call special attention to our late improvements in

GRAND PIANOS AND SQUARE GRANDS,

which bring the Piano to nearer perfection than has yet been attained.

Every Piano fully Warranted for Five Years.
